Crawley Submission Local Plan consultation notes and representation guidance

Please use these notes to help you complete your comments.

1. Introduction

1.1. Formal comments supporting or objecting to the Local Plan can be made before it is submitted to the Secretary of State for independent examination by a Planning Inspector. The purpose of the examination is to consider whether the Local Plan complies with legal requirements, including the duty to co-operate and is sound. In order for your comments to be considered by the Inspector alongside the submitted Local Plan, all comments must adhere to the guidelines outlined in this document.

1.2. To ensure an effective and fair examination, it is important that the Inspector and all other participants in the examination process are able to know who has made representations on the Local Plan. Crawley Borough Council will therefore ensure that the names and addresses of those making representations can be made available and taken into account by the Inspector.

2. Legal compliance and duty to co-operate

2.1. The Inspector will first check that the Local Plan meets the legal requirements and the duty to co-operate before moving on to test for soundness.

2.2. You should consider the following before making a comment on legal compliance:

- The Local Plan should be included in the current Local Development Scheme (LDS) and the key stages should have been followed. The LDS is a programme of work prepared by Crawley Borough Council, which sets out details of the Local Development Documents (LDDs) that the council intends to produce, and outlines the key stages and timetable involved in producing each document. The LDS is on the council's website and available at the Town Hall

- The process of community involvement should be in accordance with the council's Statement of Community Involvement (SCI). The SCI sets out the council's strategy for involving the community in the preparation and revision of LDDs (including Local Plans) and the consideration of planning applications
- The Local Plan should comply with the Town and Country Planning (Local Planning) (England) Regulations 2012. This requires that upon publication of the Local Plan, the council must publish the necessary documents and make them available to view at the Town Hall and on its website. The council must also inform the Local Plan bodies and anyone who has asked to be notified
- The council is required to provide a Sustainability Appraisal Report when it publishes its Local Plan. This should identify how the Sustainability Appraisal has been carried out, the baseline information used to inform the process and the outcomes. The Sustainability Appraisal helps to assess policies to ensure they reflect social, environmental and economic factors.

2.3. The Local Plan must comply with the duty to co-operate. This is a legal duty requiring local planning authorities, county councils and public bodies to engage constructively and actively on an ongoing basis to take account of cross-boundary issues. You should consider the following before making comments on compliance with the duty to co-operate:

- Councils will be expected to provide evidence of how they have complied with the duty to co-operate

- Non-compliance with the duty to co-operate cannot be rectified after the submission of the Local Plan. The Inspector has no power to recommend modifications. Where the duty has not been complied with, the Inspector has no choice but to recommend non-adoption of the Local Plan.

3. Soundness

- 3.1. The Inspector has to be satisfied that the Local Plan is positively prepared, justified, effective and consistent with national policy.
- Positively prepared – providing a
