#### 2023 EXPLANATORY NOTES

### **Non-Domestic Rates**

Non-Domestic Rates, or business rates, collected by local authorities are the way that those who occupy non-domestic property contribute towards the cost of local services. Under the business rates retention arrangements introduced from 1st April 2013, authorities keep a proportion of the business rates paid locally. The money, together with revenue from council taxpayers, locally generated income and grants from central government, is used to pay for the services provided by local authorities in your area. Further information about the business rates system, may be obtained at: <a href="www.gov.uk/introduction-to-business-rates">www.gov.uk/introduction-to-business-rates</a> and at the website of your local council which is normally shown on your rate bill.

### **Business Rates Instalments**

Payment of business rate bills is automatically set on a 10-monthly cycle. However, the Government has put in place regulations that allow ratepayers to require their local authority to enable payments to be made through 12 monthly instalments. If you wish to take up this offer, you should contact your local authority as soon as possible.

## **National Non-Domestic Rating Multiplier**

The local authority works out the business rates bill for a property by multiplying the rateable value of the property by the appropriate non-domestic multiplier. There are two multipliers: the national non-domestic rating multiplier and the small business non-domestic rating multiplier. The Government sets the multipliers for each financial year, except in the City of London where special arrangements apply.

Ratepayers who occupy a property with a rateable value which does not exceed £50,999 (and who are not entitled to certain other mandatory relief[s] or are liable for unoccupied property rates) will have their bills calculated using the lower small business non-domestic rating multiplier, rather than the national non-domestic rating multiplier.

Both multipliers for a financial year are based on the previous year's multiplier adjusted to reflect the Consumer Price Index (CPI) inflation figure for the September prior to the billing year, unless a lower multiplier is set by the government. The current multipliers are shown on the front of your bill.

For 2023/24 the small business non-domestic rating multiplier and the national non-domestic rating multiplier have been frozen at 49.9 and 51.2 respectively.

### Rateable Value

Apart from properties that are exempt from business rates, each non-domestic property has a rateable value which is set by the Valuation Office Agency (VOA), an agency of Her Majesty's Revenue and Customs. They compile and maintain a full list of all rateable values, available at <a href="https://www.gov.uk/voa">www.gov.uk/voa</a>. The rateable value of your property is shown on the front of your bill. This broadly represents the yearly rent the property could have been let for on the open market on a particular date specified in legislation. For the current rating list, this date was set as 1st April 2021.

The Valuation Office Agency may alter the valuation if circumstances change. The ratepayer (and certain others who have an interest in the property) can also check and challenge the valuation shown in the list if they believe it is wrong.

Further information about the grounds on which challenges may be made and the process for doing so can be found on the VOA website: <a href="www.gov.uk/guidance/how-to-check-your-rateable-value-is-correct">www.gov.uk/guidance/how-to-check-your-rateable-value-is-correct</a>

### Revaluations

All non-domestic property rateable values are reassessed at revaluations. The most recent revaluation took effect from 1st April 2023. Revaluations ensure that business rates bills are up-to-date, more accurately reflect current rental values and relative changes in rents. Frequent revaluations ensure the system continues to be responsive to changing economic conditions.

#### **Business Rate Reliefs**

Depending on individual circumstances, a ratepayer may be eligible for a rate relief (i.e. a reduction in your business rates bill). There are a range of available reliefs. Further detail on reliefs is also provided at <a href="https://www.gov.uk/introduction-to-business-rates">www.gov.uk/introduction-to-business-rates</a> or at the website of your local council which is normally shown on your rate bill.

## **Temporary Reliefs**

Some of the permanent reliefs are set out below but other temporary reliefs may be introduced by the Government at a fiscal event. Further detail on current temporary reliefs is available at <a href="https://www.gov.uk/apply-for-business-rate-relief">www.gov.uk/apply-for-business-rate-relief</a> or at the website of your local council which is normally shown on your rate bill.

#### **Small Business Rates Relief**

out in regulations, the ratepayer may receive a percentage reduction in their rates bill for this property of up to a maximum of 100%. The level of reduction will depend on the rateable value of the property. For example, eligible properties with a rateable value below a specified lower threshold will receive 100% relief while eligible properties above the lower threshold and below a specified upper threshold may receive partial relief. The relevant thresholds for relief are set out in regulations and can be obtained from your local authority or at <a href="https://www.gov.uk/introduction-to-business-rates">www.gov.uk/introduction-to-business-rates</a>.

Generally, this percentage reduction (relief) is only available to ratepayers who occupy either (a) one property, or

(b) one main property and other additional properties providing those additional properties each have a rateable value which does not exceed the limit set in regulations.

The aggregate rateable value of all the properties mentioned in (b), must also not exceed an amount set in regulations. For those businesses that take on an additional property which would normally have meant the loss of small business rate relief, they will be allowed to keep that relief for a fixed additional period. Full details on the relevant limits in relation to second properties and the current period for which a ratepayer may continue to receive relief after taking on an additional property can be obtained from your local authority or at <a href="www.gov.uk/introduction-to-business-rates">www.gov.uk/introduction-to-business-rates</a>.

Certain changes in circumstances will need to be notified to the local authority by the ratepayer who is in receipt of relief (other changes will be picked up by the local authority). The changes which should be notified are:

- (a) the property falls vacant,
- (b) the ratepayer taking up occupation of an additional property, and
- (c) an increase in the rateable value of a property occupied by the ratepayer in an area other than the area of the local authority which granted the relief.

## **Charity and Community Amateur Sports Club Relief**

Charities and registered Community Amateur Sports Clubs are entitled to 80% relief where the property is occupied by the charity or the club and is wholly or mainly used for the charitable purposes of the charity (or of that and other charities), or for the purposes of the club (or of that and other clubs).

The local authority has discretion to give further relief on the remaining bill. Full details can be obtained from the local authority.

# **Transitional Rate Relief**

At a revaluation, some ratepayers will see reductions or no change in their bill whereas some ratepayers will see increases.

Transitional relief schemes are introduced at each revaluation to help those facing increases. Transitional relief is applied automatically to bills. Further information about transitional arrangements may be obtained from the local authority or at <a href="www.gov.uk/introduction-to-business-rates">www.gov.uk/introduction-to-business-rates</a>.

## **Local Discounts**

Local authorities have a general power to grant discretionary local discounts and to give hardship relief in specific circumstances. Full details can be obtained from the local authority.

## **Unoccupied Property Rate Relief**

Business rates are generally payable in respect of unoccupied non-

whole group as a single undertaking. Also, The Government is only providing funding for qualifying ratepayers up to 31 March 2024, so if all other qualifying criteria are maintained, the 75% discount will not continue beyond this date.

To apply for this relief you need to confirm that you will not exceed the cash cap by completing a simple online form available here: <a href="https://grantapproval.co.uk/">https://grantapproval.co.uk/</a>
This is the same portal used to administer the Business Grants. We will not accept any
